## HAVE YOU BEEN INOCULATED AGAINST THE MAD COW?

*If Not, the Mad Cow May Appear in Your Yard*

During the Legacy Youth campaign to raise money for **World Vision's 30 Hour Famine** Friday April 25th and Saturday, April 26th, the "mad cow" will be on the loose. This is how it works, you can pay \$5.00 to have the cow placed in someone's yard. If it appears in your yard, you will have to pay \$10.00 to have it removed. You can prevent the cow from being placed there, by "getting an inoculation", that is, by giving \$15.00 in advance.

Consider being a sponsor for the 30 hours our youth will spend without food, or get sponsors yourself and join us here at the church for the 30 hour fast and activities. Maybe you would rather fast at home and be a prayer partner with us. Any manner in which you choose to participate can have a huge impact. Ponder these facts: \$1 feeds one child for a day - the price of downloading one song for your MP3 player. The \$30 you spend going out to eat can feed a child for an entire month. Please prayerfully consider your role in this event. There is a sign up sheet in the Welcome Center for anyone interested in participating in any way. Simply sign your name and check how you'd like to help.

If you have any questions, please contact Lacey Eckert at 724-445-3985 or at mattandlacey@peoplepc.com. You can also find out more at World Vision's website: www.30hourfamine.org. Get your inoculation early!

**PICK UP ORDERS TODAY FOLLOWING WORSHIP**

*If God so loved us, we also should love one another.*

**YOU NEED TO SEE EXPULSED: NO INTELLIGENCE ALLOWED**

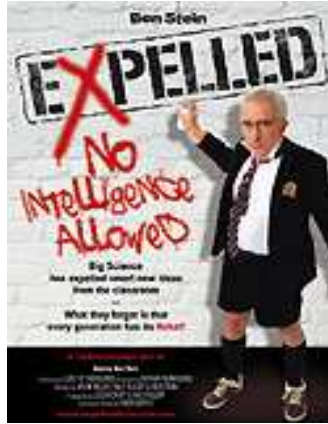

*Starts April 18 at Pittsburgh Mills Mall*

**Are Atheists Hijacking Academic Freedom?  
(As Excerpted from "The Expelled Chronicle")**

The theory of intelligent design holds that certain features of the universe and of living things are best explained by an intelligent cause rather than an undirected process such as natural selection. Intelligent Design is thus a scientific disagreement with the core claim of evolutionary theory that the apparent design of living systems is an illusion.

The upcoming film EXPULSED: No Intelligence Allowed starring Ben Stein articulates why the argument made in the film is irrefutable – meaning that those who oppose "Intelligent Design" theory as a valid topic in the science classroom are simply wrong to oppose it.

The whole point of man's thirst for knowledge, scientific and otherwise, is to answer the question "Who are we?" "Where did we come from?" "Why are we here?" and "Where are we headed?" To deny this is to

deny the reality of h u m a n existence since the beginning. And to s i m p l y "declare" that the subject of "science" can somehow sidestep these questions is either wrong or intellectually disingenuous. The official definition of science currently holds that it is "the study of observable natural phenomenon that excludes those explanations citing the "supernatural." This definition is disingenuous – it all but "defines" science as the search for "proof" of exclusively atheistic theories.

Highly credentialed "dissenters" from today's prevailing "materialist" theories of life's progression who wish to pursue science on the basis of a presupposition of intelligent design are being persecuted, vilified, denied tenure and even fired from their jobs for their beliefs today. To even question aspects of Darwin's theory of evolution is being used as prima facie evidence that one is "unintelligent," and/or unqualified.

Every thinking person needs to see EXPULSED: No Intelligence Allowed. The movie will be shown locally at the Carmike Theaters at the Pittsburgh Mills Theatre. Exact times and dates will be released on the their website [www.cinemark.com](http://www.cinemark.com) Monday April 14. For more information about the movie go to <http://expelledthemovie.com> – click around a while and learn lots! PB would like to take the group and eat some pizza afterwards and discuss the documentary.

**TIMOTHY FUND NEEDS FUNDED**

*Help Our Bible College Student*

The Timothy Fund is established to assist young men and women who are attending Bible College in preparation for full-time Christian ministry. The Fund is administrated through the eldership and grants up to \$500.00 per semester per student. The Timothy Fund has a balance of less than \$50.00 and we have two Bible College Students who are Bible College Seniors. Brandon Stephenson is a student at Kentucky Christian University preparing to serve as a Youth Minister and Micah Klutinoty is at Liberty University preparing to serve as a Worship Minister. Will you help us bless them? If so, please write a check to NSCC and drop it in today's offering. On the memo write: Timothy Fund.
