# North Street News

**WE WELCOME YOU** to North Street Christian Church, a Bible church dedicated to the promotion of the Good News of Jesus Christ. We strive to faithfully deliver the life-changing message of the Bible and we work to be a Godly influence in our community. The great confession that Jesus is the Christ, the great commission to go and make disciples, the great commandment to love God and love people and the great promise of Christ's second coming all work together to keep us vertically and horizontally focused. Thanks for joining us for worship today!

**Today is Graduate Recognition**

Pastor Jake  assisted by Irene Divers will share a word about the great milestone of graduation and present each graduate with a gift from North Street Christian Church. This year's high school graduates are Kaitlyn Bell, Brandy Bergbigler, Josh Croup, Isaac Huber and Andre Parker. Technical, college and higher education graduates are Walker Hartman, Dr. Adam Miller, Erica Miller and Nicole Simpson.

**Gossip and the Gospel**

Here is a great word of caution about gossip to the church. "Gossip leaves a wide trail of devastation wherever and however it goes – word of mouth, email, blogging, YouTube. It erodes trust and destroys morale. It creates a social environment of suspicion where everyone must wonder what is being said behind their backs and whether appearances of friendship are sincere. It ruins hard-won reputations with cowardly but effective weapons of misrepresentation. It manipulates people into taking sides when no such action is necessary or beneficial. It unleashes the dark powers of psychological transference, doing violence to the gossip, to the one receiving the gossip and to the person being spoken against. It makes the Body of Christ look like the Body of Antichrist – destroyers rather than healers. It exhausts the energies we would otherwise devote to positive witness. It robs our Lord of the Church he deserves. It exposes the hostility in our hearts and discredits the gospel in the eyes of the world. Then we wonder why we don't see more conversions, why "the ground is so hard." Author Ray Ortlund
