Vol. 233

Welcome to North Street Christian Church. We are a Bible church dedicated to sharing the Good News of Jesus Christ. We strive to faithfully deliver the life-changing message of the Scriptures and we work to be a Godly influence in our community. The great confession that Jesus is the Christ, the great commission to go and make disciples, the great commandment to love God and love people and the great promise of Christ's second coming all work together to keep us vertically and horizontally focused. Thanks for joining us today.

## A Thought from Pastor

I was doing some studying recently on the origin of the world. When one really thinks about it there aren't many options for how everything got here. The world had to be formed through order, or disorder. Which gives us the option of believing God's account of Genesis or disbelieving it. When you open your Bible, the first verse you read says, "In the beginning, God created the heavens and the earth." Now every Word of the Bible is true, whether you believe it or not, but in the first verse of the Bible God very simply states how everything got here. Now science would tell us that all reality fits into one of five categories: time, force, action, space and matter.  
In the beginning = time  
God = force  
Created = action  
The Heavens = space  
The Earth = matter  
You see every aspect of reality was created by the true, living God, and He stated it perfectly in just 10 words.
