## The Character of God

I often tell you that you should study the Bible to know God. We tend to go to the Word of God with all kinds of motives, but ultimately knowing God is the proper goal. The Bible is the written revelation of God to us. When one studies the Bible to know God, they are left with many different advantages. These advantages include, answers to questions, direction for living, content to feed evangelistic efforts, spiritual maturity and the list goes on. So, being that God gave us a book that reveals Himself, and our goal in studying that book is to know its Author, we are going to take several weeks and talk about the qualities of God. The goal of these short articles will be to grow in our understanding of God's character. We will be aiming to go beyond the facts and not just know about God, but truly know God. The more you learn the character of God, the more you will grow in your own character. The apostle Paul was quick to command continued sanctification in believers. In Philippians 3:12, he expressed his own goal of pressing on towards Christ-like perfection. Paul was pursuing Christ-likeness, he was chasing it continually. When one studies scripture to know God it's like filling up a gas tank and reading a map at the same time. The knowledge of God not only shows us the way but motivates us to live like Him. So, in the upcoming weeks, read these short articles and grow in your knowledge of who God is.

### Today at North Street We Welcome My Choice Medical Clinic

My Choice has been serving women and men in the Armstrong, Butler, Indiana, and Westmoreland Counties since 1984. They are a non-profit organization, offering confidential, respectful, and compassionate care to anyone facing an unplanned pregnancy or the after-effects of abortion. They are committed to giving accurate information in a caring and private atmosphere. Here at North Street, we support the saving of babies in the womb. Abortion is murder and it saddens the heart of God. The missions department here at North Street is in support of My Choice, because of its aim to save the lives of babies. If you want to support My Choice, grab a baby bottle, fill it, and bring it back so we can return it to them and help support this ministry.
