We at North Street Christian Church are a group of people who are passionate about and living for the glory of God. We gather together to worship Christ because He is totally worthy. In our worship of God, we aim to know God which is why we spend time in the Bible. You will find our services to be sermon heavy and very focused on the proper interpretation of the text. Join us as we aim to be the church and properly understand the living God that we serve.

THE SAME YESTERDAY, TODAY AND FOREVER

When studying the qualities of God (His attributes), we are looking into anything that is true of His character. We can't come close to knowing everything true about God because He is infinite. There is an infinity of attributes that make up an infinite God. Just because we can't fully understand God, however, does not prevent us from being students of what He has revealed. One of the important attributes of God is the fact that He is unchanging. God does not change! This is a foreign concept to us because you and I understand and need change. God isn't like us. He doesn't change. James 1:17 puts it like this: "...the Father of lights, with whom there is no variation or shadow of turning." The old Testament states clearly in Malachi 3:6, "I am the Lord, I change not." Change can only do one of two things: it makes something better or it makes something worse. Those are both impossible with our God. He is not capable of getting any better, for He is already perfect. And He wouldn't get worse—there would be no point in that! The fact that God doesn't change gives the believer so much security. The fact that God is gracious and loving and forgiving is unchanging. The fact that He saved you is unchanging and your salvation is secure. But the opposite is true for those in unbelief. The fact that God doesn't change means that those who die in their sin face the unchanging wrath of an unchanging God forever. The fact that God does not change should leave nonbelievers fearful of the reality that the wages of sin is death. So think about the wonderful fact that God is the same yesterday, today, and forever. And find comfort in the unchanging God that saves completely those that draw near.
